

CONFIDENTIAL REFERENCE

Form is due by April 17, 2017

Since its inception in 1992, LCC's mission has been to increase the community leadership pool in Centre County. One of the principal means to accomplish that mission is by bringing together diverse individuals and groups for education and networking as members of our annual class. This class experience provides training and education for talented citizens, who want to learn more about the challenges and opportunities facing our county and want to contribute to shaping its future. Class members participate in a series of seminars on themes of fundamental importance to our communities. Each "program day" is developed and delivered by people actively engaged in the issues related to the particular theme. Class members also learn skills to enhance their leadership abilities. After graduation, alumni are strongly encouraged to maintain their "network" of contacts and begin or continue their service on community boards, commissions, and agencies. You have been asked by a potential class member to assess his/her application for membership in the Class of 2018.
